

# Into The Fairy Tale...

"How do we interpret a fairy tale? —or stalk it, rather, because it is really like stalking a very evasive stag." Marie-Louise von Franz, *The Interpretation of Fairy Tales*, p. 37

Fairy tales lure us, entertaining with their magic and teaching with their wisdom. Skillfully stalked, they can reveal to us our own world—problems, values, vices, joy, pain, and comfort. The idea of this group is to see how fairy tales can provide insightful truths into our current life experiences and challenges.

Stories are original adult versions and may not be suitable for children.

Merry Armstrong Fougere, a Jungian Analyst, and Brent Bertsch, a Professional Storyteller, will co-facilitate an adult workshop series on the 3rd Tuesdays of each month, 6:30 - 8 p.m. at the Spokane Woman's Club, 1428 West 9th Ave., Spokane

A fairy tale exploration group is forming. Come experience the lure of fairy tales and join the stalking process.

The basics:

- Each class/discussion stands alone.
- You do not need to attend every class, though regular participation can enrich your personal experience, as well as deepen the group discussion experience.
- We will tell a fairytale and then discuss the story together.
- Suggest your favorite fairy tale for another meeting.
- Bring your imagination.
